Especially interesting are picturesque new Organdie frocks of quaint, old-fashioned type with beruffled skirts, soft fichus and short sleeves. Daintily trimmed with Valenciennes laces, tuckings, hemstitching, fluting and frills.

Of marked import are those with the new camargo skirts. There are also a host of other enchanting models which are simply indescribable and equally irresistible in their exquisite daintiness.

La-may Face Powder Is Harmless to the Most Delicate Skin

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And it really stays on better than any other face powder. It does not contain white lead or starchy rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a sticky paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and because it stays on so well this La-may powder (French Poudre L'Amé) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. (One thousand dollars reward is offered to anybody who can buy a better face powder anywhere at any price.) Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty powder sold in New York. Save this notice. La-may Rouge is also pure.
